Rising synth-pop star **LITTLE BOOTS** - aka **VICTORIA HESKETH** - is collaborating with **HUMAN LEAGUE** mastermind **PHIL OAKEY**. Legend **Phil** got in touch after seeing her cover of the League's 1981 hit **Don't You Want Me** on the internet. Vic's debut album is out in the summer.

**KILI GANG
WILL BE A
KNOCKOUT**

ON Friday, nine celebs will fly to Africa to climb its highest mountain in aid of Comic Relief.

The stars, including **GARY BARLOW**, **CHERYL COLE**, **CHRIS MOYLES**, **ROMAN KEATING** and **FEARNE COTTON**, have trained for months for the assault on 19,000ft Mount Kilimanjaro in Tanzania.

I was due to join the party and my fitness drive has included Rocky-style gym workouts, left. I also joined Roman and Fearne, right, at top London gym The Third Space. The Kill gang have even visited the Olympic training centre at Bisham Abbey, Berks, to test their fitness levels in an oxygen chamber.

Sadly, I've had to pull out because of a family illness but the climbers will keep me posted with news. And before they set off I'll be updating you on all the preparations, including Take That star Gary's recovery from a back injury. Sponsor them now at rednos@t4y.com.
